-3-

Briefly define the following:

"an interpretation"

"a precept"

"a principle"

"a promise"

"an application"

### Special Projects

Write an interpretation of Galatians 5:25-6:10. Try to write in such a fashion that someone could understand the passage better by reading your comments. Copy the phrase or verse from the text and then add your explanatory comments, answering questions and unfolding the meaning. If there are words or thoughts that don't seem to fit, wrestle with the passage some more.

second application - a principle

third application - a promise
