

Salvation

Colossians 2:13-15

Summarize your testimony of how the Lord made you alive when you believed the gospel, how you were forgiven and how your life changed.

What sins of yours were nailed to that cross, paid for by the blood of our Holy Savior? Does this apply to all sin, past, present, and future? Give thanks for forgiveness. Commit your way to not return to any of those sins.

What did Satan and the men who participated in Jesus' death think was happening when they crucified Him? What was God's view of the event?

What present events in your life look completely different to unbelievers than to God? What do they see? What is God seeking to accomplish?

Do you most often choose the human perspective of these events, or God's? What can you do to be more influenced by God's view and less by man's?

Give thanks for Jesus' faithful and triumphant work on your behalf.
