

Gospel Components

Acts 2:36-41

What items are employed by Peter in this presentation of the Gospel? The first two are done for you, to help you get started.

v. 36 Clarification of sinfulness of hearers (the need for forgiveness from God)

v. 37 Conviction of sin by the Holy Spirit (John 16:8)

v. 38

v. 39

v. 40

v. 41

If you have spoken the Gospel message to others in the past year, recall those conversations now. What components of the Gospel present here in Peter's presentation were included in yours?

What unsaved people has God brought across your path? To which have you explained the gospel? To which have you not presented the gospel?

Think through the truths of the gospel carefully. Reexamine what Peter communicated to his audience and how he did so. Pray now, committing yourself to actively speaking the gospel to the unsaved God puts in your life, and committing yourself to include each important component of the gospel when you do so.
