

Pleasing Man or Pleasing God

Luke 16:14-15

What actions and characteristics of the Pharisees are listed?

How does Jesus characterize them? Why?

What ideas, values and tendencies in our society are highly esteemed among men but are detestable in the sight of God? What Bible verses prove it?

In what instances have you sought to justify yourself in the sight of men rather than please God? When have your words and/or actions claimed allegiance to the things highly esteemed by man?

When have you honored God by steadfastly and actively aligning yourself with the truth of the Word on these issues? How important is such allegiance to our Lord.

Commit yourself to fearing God, not man in these matters.
