

Emptying Yourself: A Family Study

Philippians 2:3-8

How do your spouse and kids look to you when you put these verses into practice? How do they appear to you when you do not have this perspective?

If your thinking was completely aligned with these verses, how would you relate to them / talk to them? What words would you say? What specific questions would you ask?

How did Jesus empty Himself?

If you are to love sacrificially, how should you empty yourself?

What happens to your perceived needs if you are focused on love and giving? Is there contentment in obeying God?

What are the action words in these verses? What words describe the essence of who Jesus was?

What practical things can you do to follow Jesus' example of action in the setting and circumstances of your household? Ask for God's help in doing these things.
