

Sharing the Gospel

2 Timothy 4:1-5

This passage deals with evangelism (cf. 4:5). The call to preach the Word is evangelistic because in the new testament "teaching" is directed at believers and "preaching" to unbelievers.

When should we preach the gospel?

What should we do when preaching the Word?

What should our attitude be? Why is this hard?

Who have you known that would fit the description of 2 Timothy 4:3-4? How do we protect ourselves from doing this?

What difficulties arise in sharing the gospel?

Of the things you've discovered from this passage, which would God consider to be your greatest weakness? Speak with him about this.
