

Restoring the Sinning Believer

Galatians 6:1-3

Consider a believer whom you now know is in sin or a past such situation. How would you describe what the specific goal of restoration would look like in this matter?

What could you say or do to exhibit a spirit of gentleness on your part?

What temptations to sin could accompany this pursuit of restoration?

How could you bear the burdens of this sinning believer?

What attitude is described in Galatians 6:3? How would it be displayed in this issue?

What other passages supply additional truth in relation to helping people in sin?

Will you commit yourself to this important work of ministry? What actions would follow such a decision? Express your heart on these matters to the Lord. Request his help to move forward in putting the Word into practice.
