

Stealing
Ephesians 4:28

What is stealing?

In what ways do people steal?

Ephesians is written to Christians, who are being told to steal no longer. What is the remedy for stealing from this verse? What more can we learn from the immediate context (4:17-32)? What more can we learn from the book context of Ephesians?

Why should we labor?

What should we do if we are guilty of stealing (cf. James 5:16; Luke 19:8)

Consider carefully and prayerfully if there is anyway that you take something that is not yours for the taking.
