Matthew 6:33

How can we do this and still meet the demands of everyday life?

What have you done recently which demonstrated this attitude?

What things do you do which are opposed to this attitude? What idol are you putting in God's place on such occasions?

From the context, what are the things that Christ is speaking about in this verse?

Give thanks for God's help in getting to this point in living out these attitudes described in the Word. Your faithful effort is honoring to Him. Request His strength to replace wrong attitudes with the desires listed in these verses.
