**Righteous Relationships**  
**Matthew 7:1-12**  
**Dale Whitehead**

Right relationships: right in the sight of God and pleasing to Him.

Negative and Positive sides to the right relationships.

Negative - do not judge: talking about an unrighteous judgment. Judging another without first judging self. **John 7:24**

Positive - whatever you want another to do for you, do that for them: the Golden Rule.

1. Start right by not judging others un-righteously. Recognize that you cannot do what God has asked on your own.

Know that you cannot remove the log from your own eye. This passage is addressed to God's children.

Ask how many times this week have I prayed, how can I better love my wife, how can I love my children, how can I get the log out of my eye.

The things we ask for must be viewed by the Lord as profitable.

**Verse 11**-God desires to give us all we need to have right relationships.

**Verse 12**-Therefore do unto others as you would have them do unto you.
