Sermon Notes for July 19, 1987**

**Whose Son is Christ?
Matthew 22:41-46
Dale Whitehead**

Introduction: How do people view Jesus? Positive or negative? The vast majority sees Jesus as a positive force. They view Jesus as a great man. To believe in the Jesus as the world sees Him is to reject Jesus of the Scriptures (**1 John 4:1-4**).

1. Jesus asks the Pharisees a question, “Who do you think the Christ is the son of?” This is a simple question asked of the Jewish people. They answer, “The son of David.” This is a correct answer, **2 Samuel 7:7-14**, and Jesus is from the lineage of David. This answer is correct but not complete.

2. How is their answer incomplete? They did not understand that Christ was not simply man but God.

Revelation 22:16, Jesus is the root and the offspring of David. David came forth from Jesus (**Colossians 1:13-17**).
