**“The Suppression of Truth”**  
**Romans 1:19-23**

Introduction: How can God righteously judge those who have never heard the gospel of Christ?

1. The revelation. For men to suppress the truth they must know the truth. Men will not be able to say they did not know about God. Verse 19, “because that which is known about God is evident within them; for God made it evident to them.”

How do we know this message has been delivered?

God is the messenger. In Psalm 19:1-3, it says creation speaks to us without words the knowledge of God.

We do not need to prove God to people. People do not reject God on the basis of knowledge, but on the basis of unrighteousness. The knowledge of God is known throughout all mankind.

The visible creation is telling about the invisible God. Creation tells of His eternal power.
