## Valley Bible Church – Sermon Notes

### Sermon Notes for October 11-12, 2003

#### **Dale Whitehead**

## "Andrew, Simon Peter's Brother"

#### John 1:35-42

What <u>qualities</u> in Andrew made it possible for him to play such a strategic role in the explosive growth of the early church?

Andrew actively <u>pursued</u> the truth about Jesus (John 1:35-40).

The two disciples standing with John the Baptist were Andrew and John.

When it says that Andrew and John followed Jesus this does <u>not</u> mean that they had become His disciples. When it says that Andrew and John "followed Jesus" it means that they <u>literally</u> followed Him.

If Andrew and John had answered Jesus' question "what do you seek?" candidly, I believe they would have answered, "we seek the <u>truth</u>."

Because John is counting hours from midnight like the Romans rather than from sunrise like the Jews, the tenth hour means 10:00 a.m.

Andrew and John during their visit with Jesus found the truth. They confirmed for themselves that Jesus was the <u>Messiah</u>.

Those who actively pursue the truth will not only be protected from error but they will be <u>energized</u> to do things.

# Valley Bible Church – Sermon Notes

Andrew actively sought to spread the truth (John 1:40-42).

Andrew, before he did anything else, wanted to share the truth that he had found with his brother <u>Simon</u>.

The name "Cephas" was Aramaic for "rock."

Jesus did not give this name to Peter to highlight who he was but who he would become in Him.

Peter acted like a <u>rock</u> and spearheaded the explosive growth of the early church.

Are you like Andrew, willing to actively <u>pursue</u> and <u>share</u> the truth about Jesus with those God has brought into your life?
