"Jesus Heals a Man Born Blind"

John 9:8-12

Dale Whitehead

Observing the text

Make as many observations as you can about the response of those who had known the blind man to his healing.

Why were these people who had known this man struggling with the possibility of his healing?

What did the man who was healed know about Jesus?

What did the man who was healed not know about Jesus?

Applying the sermon

How are you striving to put the works of God on display in your life?

Valley Bible Church – Sermon Study Questions

What have you done to take the opportunity to take those who you know to Christ?

Take a moment to pray for God's grace to help you see these matters with the eyes of the Lord.
