“Facing the Challenge of Parenting”

Observing the text

Read John 18:33-38 and make as many observations as possible.

What do you believe Pilate was thinking when he asked Jesus if He was the king of the Jews in John 18:33?

Why did Jesus not answer Pilate’s question with a simple “yes” or “no” answer in John 18:34?

What did Christ mean when He told Pilate His kingdom was not of this world?

What set Christ’s kingdom apart from the kingdoms of this world?

Applying the sermon

How are you presently responding to the various challenges in your life?

When facing a challenge do you find yourself seeking to discover what the Bible says about how you should respond to it?

Are you willing to submit yourself to what the Bible teaches when facing difficult challenges even when this means that you will have to do something that you don’t want to do?

What are some examples when you did what the Bible said rather than what you wanted to do?
