

Valley Bible Church - Sermon Study Questions

**Study Aid for the Sermon from August 17, 2008
Principles of Spiritual Restoration
Galatians 6:1-5**

Observing the text

What requirements exist for a person to restore a brother in Christ?

What motivation exists for a person to restore a brother in Christ?

Who does Paul address the majority of his words to in Galatians 6:1-5 and why?

Compare Galatians 6:2 with 6:5 and explain how we should bear one another's burdens while yet each one shall bear his own load.

Applying the sermon

How have your burdens been borne by others in the past?

How well positioned in your relationships in our church are you so that you can practice the ministry of bearing one another's burdens?

How does your view of yourself and of others affect your ability to bear the burdens of others?

What other difficulties or obstacles do you face as you consider the task of bearing one another's burdens?
