

## *Valley Bible Church - Sermon Study Questions*

### **Study Aid for the Sermon from February 8, 2009 Biblical Financial Management**

#### **Observing the text**

Who owns what we possess (Deuteronomy 10:14; Psalms 24:1)?

Why do we possess what we possess (Colossians 1:16)?

How does God view savings (Proverbs 6:6-8; 30:24-25)?

How does God view borrowing (Proverbs 22:7)?

How does God view giving (Acts 20:35)?

#### **Applying the sermon**

Why does God consider both saving and giving blessed?

How are you presently managing your finances in a way that reflects what God, in His Word, considers blessed?

If you believe that you are not presently managing your finances in a way that reflects what God, in His Word, considers blessed, what changes do you think you need to make?

If you are now wanting to make these changes, how important is it to make these changes as an outflow of the life of God rather than as a fleshly desire to conform ourselves to God's standards through our own strength?
