

Valley Bible Church - Sermon Study Questions

**Study Aid for the Sermon from June 14, 2009
“A Change in Plans”
Acts 2:5-13**

Observing the text

Who were speaking in tongues, all the 120 (Act 1:15) or just the apostles?

What do we know of the people who heard the apostles?

Why was the list of places given in Acts 2:9-11? Where were these places?

List the reactions by those observing the miracle of tongues speaking. What can we learn from these responses?

Applying the sermon

How would you respond to someone who told you that those who are filled with God's Spirit show this by speaking in tongues?

What have you thought about the influx of people from other language groups who are coming to California? How can you work toward Christ's commission in light of this?

When have you seen people attack God's people instead of accepting God's truth? How has this affected your willingness to communicate the truth in light of potential opposition?
