Observing the text

Read 2 Corinthians 1:23-2:4 and make as many observations as possible. How do these verses fit in with what comes before?

Why did Paul leave his explanation for changing his plans until now?

What was the explanation that Paul gave for changing his plans?

Applying the sermon

When you see someone that you perceive as spiritually weak in some particular area are you moved to criticize them, ignore them, attack them or help them?

What brother or sister in Christ do you presently see as being spiritually weak in some particular area?

How do you see that you can help them?

What things can you do that might help you to be well received by them when you seek to extend care to them?

Are you willing to go as far as Paul in your service to them?
