

Valley Bible Church - Sermon Study Questions

Study Aid for the Sermon from May 22, 2011 “The Advice Regarding The Apostles” Acts 5:33-42

Observing the text

What can we learn about Gamaliel from Acts 5:34 and Acts 22:3? What about from other resources?

Evaluate Gamaliel’s words. What is your opinion of his advice to the council?

Why did the council respond to Gamaliel’s counsel in the way they did?

What was the apostle’s response, and why is this important?

Applying the sermon

As you look at your life, do you first ask the question, “What is right?” or do you ask the question, “What will work best?” Why is one question better than the other?

When have you been mistreated because you were a Christian? How did you respond?

How confident are you that God is sovereign and able to deliver you? How has this confidence manifested itself?

In comparison with the apostles, how regularly do you seek to evangelize the unsaved and edify the believers in Christ?
