Study Aid for the Sermon from July 15, 2012
Legalism: The Enemy of Sanctification
Colossians 2:20-23

Observing the text

What is sanctification?

From Colossians 2:20-23 and the context, how are we sanctified?

From Colossians 2:20-23, how are we not sanctified?

List as many reasons as you can regarding why this distinction is so important.

Applying the sermon

What means of false sanctification have you employed in the past? What was the result?

What personal restrictions have you adopted beyond the specific requirement of the New Testament? How did you come to decide upon your restrictions? What is your purpose in this practice?

How do you erroneously view your restrictions as producing your personal growth in Christ?

What is your view of those who do not adhere to these same restrictions?

Take a moment to reflect upon your life and whether you have died with Christ and whether you are seeking the things above from your heart.
