

## *Valley Bible Church - Sermon Study Questions*

### **Study Aid for the Sermon from March 24, 2013 Christ is Superior to the Prophets Hebrews 1:1-2**

#### **Observing the text**

Read Hebrews 1:2b-4 and make as many observations as possible. How do these verses fit into the flow of the passage?

What is the definition of the word “heir?”

In what sense is the word “heir” used in verse 2?

What did the author mean by “all things?”

When will Christ take possession of His inheritance?

What is the significance of this for us?

#### **Applying the sermon**

Explain how followers of Christ could become envious of people who have achieved celebrity status based on the simple fact that they are heirs and heiresses of great fortunes.

If you have ever been tempted to be envious of such people, describe what happened.

Why do you believe that one day, as a co-heir with Christ you will reign with Him over His millennial earthly kingdom?

How will co-reigning with Christ over His millennial earthly kingdom in the age to come be a far more privileged position than simply being an heir or heiress of a great fortune in the present age?

In what ways are you presently looking forward as a co-heir with Christ to entering into that inheritance and into all that God has planned for you in the future eternity in Christ?

Take time now and give thanks for your inheritance and all that God is prepared to give you in the future in Christ.
