

Valley Bible Church - Sermon Study Questions

Study Aid for the Sermon from January 18, 2015 An Encouraging Word Hebrews 6:9-12

Observing the text

Read Hebrews 6:9-12 and make as many observations as possible. How do these verses fit into the flow of the passage?

What is the significance of the word “beloved?”

What was the author convinced of? Why was the author convinced?

What was the significance of the reason the author provided for being convinced?

What did the author mean when he spoke of “same diligence?”

What did the author encourage his readers to do in order to ensure that they would in fact show the “same diligence?”

Applying the sermon

During a period of persecution what work and expressions of love might be manifested among believers?

During a period of non-persecution what work and expressions of love might be manifested among believers?

How are you presently working and expressing your love among the believers of this fellowship? How do you see this continuing in the future?

Why is the assurance of your salvation dependent upon your continuing work and expressions of love among professing believers?
