Observing the text

Carefully read Hebrews 6:16-18 and make as many observations as possible. How do these verses fit into the flow of the passage?

What did the author say about oaths, and why was this important based on Hebrews 6:16-17?

What were the two unchangeable things?

What have the heirs of promise found refuge from?

Where did they find that refuge?

Having found refuge what did they do?

What is the hope that has been set before the heirs of promise?

Applying the sermon

What are some common earthly hopes that people typically share.

What is the difference between earthly hopes and the hope that has been set before us in Christ?

How might a Christian know whether or not their earthly hopes are being held onto more tightly than their heavenly hope?

What tempts you to hold on to your earthly hopes more tightly than your heavenly hope?

Take a moment to pray about where you place your hope.
